[AFL-CIO Convention, 1961]

1) ~~Urgent~~ Urgent.

An Appeal to Common Sense -

and Trade Union Solidarity.

To the Delegates -

AFL - CIO - Conv.

Mem — Brothers — —.

~~Dear Friends~~

Six years ago - we met in my city to merger the AFL and the CIO — ~~with~~ our hopes were high — for ~~a great labor movement~~

~~United Labor Movement~~ — in the spirit that made the merger possible we had hoped that all affiliates would recognize that the welfare of the whole labor movement transcended the more narrow interest of any single Union — a group of Unions ~~that~~

2) We had the hopes that with in the frame work of a United Nation which recognized that both east and west were both necessary + equal all could compete in the positive work of building a stronger and more effective United Nations which [redacted] the members of all sizes large + small — united + kept united prepare together.

Unfortunately the high hopes of the Convention [redacted] were not fulfilled — we failed to make the most of the and the historic opportunity which the moment provided, [redacted] which is achieving unity in form — we failed to achieve unity in fact —

3) We succeeded in making our Economy —

but we have failed to enjoy and

make ourselves —

The MAO — + other Arts have grown

have ~~surpassed~~ passed the Physical that we

have been in the depths.

On the Org — front — our practice has

and abundant life — but to help

4) On the Org Front — we have failed to launch a campaign of coup and on positions to unite dedicated study — Today the AFL-CIO represents a smaller percentage of the work force than at the time of the merger.

$$R\left[-p^2 - op\right)$$

The problem ahead will be more complex and compelling and only a strong / growing and dynamic Labor Movement can successfully protect and advance the values / aims workers and make its more constituent to string — and help Americans to meet the problems and realities of the

5)

The great potential for organized work
and the power, growth + success —
was reflect in the settlement, the
15,000 workers who packed in a Park in
to hear the leaders, AFL-CIO
marched off the Merger Conv.

We failed to make the most, our best
opportunity to build in the Transport work,
hope + excitement that the merger had
generated among the rank + file
+ Am workers.

At the time of the merger the AFL,
CIO had pledge — to organize 1/4 m
to a great AFL-CIO Org Fund.
The fund was to mobilize by AFL-CIO affiliated,
to finance an Org Campaign — a
