

1) Detroit Metropolitan Area Goals

~~North~~ ~~South~~ ~~West~~
North - South
North for Ed Course

I appreciate very much
to opportunity join with you

in discussing - Goals

for Detroit Metropolitan Area

→ Onset { Urban Sprawl
about 1950s

The Great Cities of history

Athens - Rome -

Paris - London -

Centers ; civilization

; Learning

Centers ; Culture

; Commerce

2) In our Modern World

the Eco - Pol + Social

organization, the Community

necessitated by thrust

20th Century Tech Revolution

gives increasing importance

to our great cities and

met areas

The future of our Cities

depends upon our ability

to deal ^{force} revolutionary change

To meet problems

which brought promise

20th Century Technology

3) The choice before us

both clear & compelling

~~face~~ continued neglect cities

completing } providing
public underpinnings -

will see our problem compounded -

and our great urban centers -

will deteriorate - hard judgments -

~~the~~

~~known~~
by art boldly & with independent

+ harness full economic potential

automation - tools, abundant

See & Turn you us -

cities

we can make quite ~~the~~

+ that are

attractive centers, Civilization

culture & commerce

~~can~~ open new frontiers Urban Progress -

new opportunities for Freedom -

Announcement

4) We must commit
ourselves + our resources
in a measure -
equal demand)
Challenge

We must catch up.
with history -

avoid - ~~with~~ the preoccupation

in dealing with yesterday's problems

allow
no time to cope -

with Tomorrow -

more challenging Problem

5) We have not fully
comprehended —
Character on the dimension,
the focus, change
shaping our future —

We ~~of~~ attempt to measure
future by standards, past.
and they are
not - relative —

90°. Secret - but words —

Creation Sum - fed Ac + Tech
fully form, change
assisted acts —

6) We in Detroit

should understand

Technology impact

changing character of cities

Auto industry changed

face ~~all over~~ world

Best cities everywhere — no 4/2

wars — problems —

traffic congestion —

+ related problems

Rome
Paris
N.Y.
Chi.

Auto industry — ^{created} additional problems

5th problem —

Freedom, Mass Mobility

7)

This ~~mobility~~ mobility -

provide people large cities

capability, escaping ~~the~~

~~the~~ own cities in the

hope, leaving ~~the~~ behind

problems of decaying at the

con. ~~_____~~

~~the~~ Mass enormous

Cities - complex

problems

problems - most complex
+ unable to solve

Time

time base - contrasts
~~_____~~ ~~_____~~

8) We must act boldly
to reverse trend -

to escape City

Adequate + Resolute

Program , Redevelopment
+ Rehabilitat
} Save, City

~~Protect Olden ? Project~~

Redevelop Project - 3
probably to have
initiated.

Along Redevelop Comm
Corp

save by

1) President Johnson —

Commencement address

22, which.

Case upon America

Built Trust Society

his words

where men are more

concerned with the

Quality, than goods

than the quantity)

than goods

10) The president has
put his finger on the
Crux, the problem

In discussing our Goals

it is the quality, our Society

it is the quality, Life.

that should —

shape our Value System

Extreme on Priorities

It has been said —

Content frud + Try
own + Can

Content hearts + ment, man

11) Age - Process - Condition
Human Sound

no one can use - work

forgot names weapons, over 100

Principles

Context - which Sound System

harmony man creative capability

felt, Act + Tech -

relate sound, action

and human family -

and improvement quality ;

Human Type -

Confident system, found

prove - its superiority

our future -
our future -

12) Quality, our Society

judge - not how

do what we have

not material wealth -

sense, ^{sound} ~~that~~ purpose -

transit -

material wealth - 4 values

Task Prog - 4 P - 7.

opportunity - 4 Fundamentals

13) Many serious defects
quality Armed Society

Our Goals —

to commit our

resources — wipe out the

defects

Int Basic Prod — Top Priority

1) An Educational System

equal — problem & opportunities

20th Century

→ more concerned
condition, Plan
Adapt, School System

14) Need name Educ Rights

Educators Top Priority

→ every American Child & youth

educ oppor - for all

more + quality + demand

→ is that of equity to you

Thomas Paine wrote

" Those who expect to reap the
blow, must
undergo the storm, supply it.

If we are to redress the blow,

Educators - understand

of supplying ~~it~~ it.

15)

2nd Book -

Equal Opportunity

1st Class Citizenship

very American

system, Per - end - color -

Break Moral Issues -

trans part politics

relationship - man to man free society

need to understand -

freedom is desirable .

no man free - with self .

no interest -

make freedom secure -

only make unworkable

16) Abu Fawad understand

"Those who deny judgment
to other discretion entirely
and under just hand
will not long retain it"

* Not Controlled, Common
Character - Control Re Control For Group

Control Control Control
Mind Control Control

But Control Re Price

Control
Control
Control

→ New Tools -

& man - man, hand will - you to get
spend, Richard - reph with all
search - man - get Person

ful - man -
get, Advent -

17) 3rd Road -

Create a Community

in which

older citizens -

after live, production work -

live out autonomy, lives

lost old work - too slow

serve, security + dignity

*) Day care - help need - need

bring back home

enter and home care

*) Need to expand community facilities

+ Public Services -

Ever needs -

sense, belong - purpose' ^{with} members, community

18) 4th Goal

All inhabit - Prusa Johnson

Total was agpt It
Poverty

Great tragedy -

richest nation world -

tools , Abundance -

million live Poverty ?

not hard
now to fix

They have not People , Amor .

denied - depressed

discredited - desecrated eyes

→ 5th Goal - Key to others

but some work to work

~~Human~~ full emp - for People
Power

19) No Eco Savvy class

How Eco wealth -

to Build Schools -

clean slums + Public
Cells

Build Hosp

+ the ways

create water + Sewage System

Create

Apprentice - human eff

total / production

can run

Only as we harness full
Eco potential I full Employment

~~can be~~ how we have

resource to meet our Needs

Build Great Society -

~~18~~) ^{not} free ourselves.

scholar myths

embrace new realities

~~free of~~

~~new - embrace~~

~~new realities~~

~~don't appear~~

Pres Kennedy - you^{re} speech

Said - Too often we hold

fast to the clerk, our

preference - We enjoy the

comfort, open

with out the

disrupt, the job

23)

If we are to meet
Challenges, 20th Century

+ bring our tools to
fulfillment

We must do to shed
the concerns & comforts,
our carefully cultivated
clashes and antiquated
concepts - ~~and deal~~
~~with the new~~
~~realities~~

We must shed old myths
& deal with new
realities

27)

Suggest few ^{around} myths

must free selves from

to Arthur Roads

1st Myth

Government that governs

best - you best

Demerit

Government is an

often suggested

the chosen instrument for

doing together - can not

do undue expenditures

25) Big Government

not creature

and politics

a power hungry

federal Bureaucracy

Work

Big Government is the

product of

20th Century world

just like GM is

the product of

20th Century

Technology

18th Century
Government

can't meet the

20th Century

26) 2nd ancient myth.
not for ourselves

① myth:

Public Planning for People
can not be made compulsory

Private Plan Projects

Why - Democracy Not Europe

~~is~~ bill for myth

1-27 — 5-87

Some - 20th Tru

and

no myth

27)

~~Act~~ } Conservation So
m c ~~the~~
do ~~the~~
Ad ~~the~~

For ~~the~~ Acad

are ~~very~~ ge .

Cost achieve + material

full Employment -

Component 20% Employment

rely only on Planned form

Market Place

KM - Plans it Plan

does not work

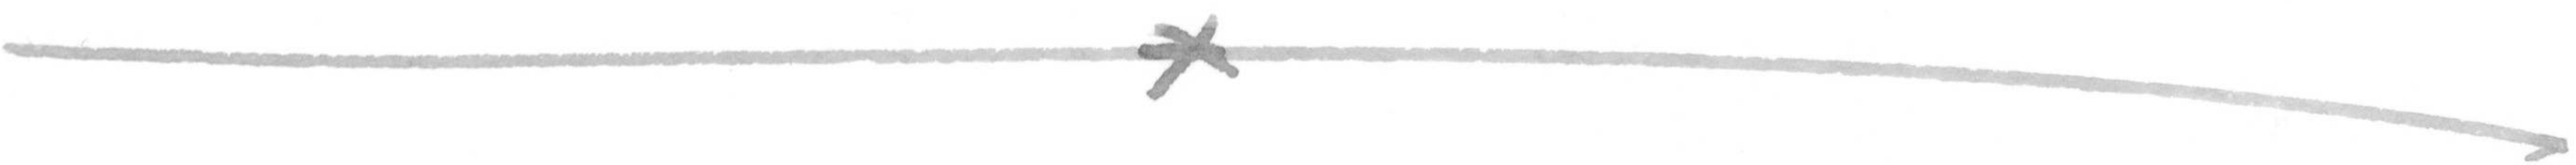

We must recognize -
Problems Plan must all be Planned

27a)

Steel -

have unintended block

to Public Policy -

We should not meet

complex problems

Metropolitan Areas -

unless we have

Rational planning -

until we

understand -

Public investment + for

People

just as Americans

+ Loyal to Values

as Private investment +

It Free

for People -

27
4)

Starving public Section
Including cost, war & defense

1947

per cap expense

~~Public~~

Federal Dept -

increased 20%

State + Fed Dept - 450?

Debt -

Federal ~~Dept~~

measured - RNP

1948 - 271 days measured

1963 - 136 days "

28)

Finally -

we must all act knowingly

generous free Agency

Cooperatively - to achieve

Unity or Democracy

Free Act - many open they

Own strength -

ability to harm differs

~~Back to~~

Consent - Totally

Unity - Cooperatively - Compulsory
Consent

we get unity - Democracy

then consent

27) Diversity quest free Society

Need - rethink

free Market Plan, Advers

Such - new answers

new Advers

new Concept

did new problem

~~Develop~~ Develop objectivity

judge - each new idea

on its substance

not its source

30) unlimited faith

capability of free men

free institutions

to find answers

to achieve our goals

1960 - W. Wilson - - wrote

" We live in a age confused
afraid of its own force -

It is our duty to find answers

Today

It is the duty, task, and
to find ourselves -

As best together we can keep

Our freedom safe -

Join Common effort to build our future
